JOTHI MUTHUKAMARAJ

Full Stack Developer | C#, .NET 9, ASP.NET Core, Angular, REST APIs, SQL

Bangalore, India | +91 6363185955 | muthu25jothi@gmail.com | linkedin.com/in/jothim-dev

PROFESSIONAL SUMMARY

Full Stack Software Engineer with 3 years of experience building enterprise automation software. Delivers complete features spanning REST APIs, SQL and the Angular UI. Strong in query optimization, role-based security and system integration. Sole developer of an internal license and subscription management application.

SKILLS

Languages:	C#, TypeScript, SQL
Backend & APIs:	.NET 9, ASP.NET Core Web API, RESTful API Design
Frontend:	Angular, HTML5, CSS3
Database:	SQL Queries, Query Optimization, Server-Side Pagination
Security & Access:	Role-Based Access, License-Based Feature Gating, LDAP / Windows Authentication
Tools & Practices:	Git, GitLab, Postman, JIRA, Agile, Unit Testing, Bug Triage & Production Support

PROFESSIONAL EXPERIENCE

Software Engineer | IntelliBuddies **Jul 2023 – Present**

Bangalore, India · Enterprise Business Process Automation Platform

- Eliminated timeout errors on large datasets in the Purchase Order and Subscription modules by optimizing SQL queries and adding server-side pagination.
- Designed and shipped 6 REST API endpoints for billing system integration (tenant, subscription, purchase order approval, SKU, customer, email), keeping two systems in sync.
- Closed a licensing gap by enforcing license-tier access to Enterprise Variables and Workflow Designer features.
- Delivered full stack features across .NET and Angular: Agent enable/disable with 3-role access, cloning for 3 SKU types, email attachments, Email Processing Order and Integration Gateway usage details.
- Built 5 Directory automation activities with unit tests, and added a DevExpress FilterBuilder for complex form-binding filters.
- Improved authentication and stability: Access Denied flow for LDAP users, AD-deleted user sync, and a more responsive BPA Designer.
- Fixed 20+ production defects across Control Room, Form Designer and Account Manager.

PROJECT

Account Manager · Sole Developer

Internal license, subscription and user management application

- Owned the application as its only developer, handling enhancements, bug fixes and support.
- Integrated it with the sales and billing application through new REST APIs.
- Added license regeneration and subscription pricing; fixed renewal and top-up issues.

EDUCATION

Bachelor of Engineering, Electronics and Communication Engineering **2019 – 2023**

Mepco Schlenk Engineering College | CGPA: 7.85 / 10
